

After a long day of playing with friends,
Abby likes to get clean.

Abby loves taking a bath.
The warm water feels nice.

Abby likes to make bubbles. She makes bubbles in her hair when she washes it with shampoo. It smells so good! She can make funny hair-dos too! Can you?

When it's time to get out, Abby gets a little cold so, she quickly gets dressed. She likes to put on clean, warm, pajamas after her bath.

Then, she brushes her hair. It feels good to have clean hair.
Abby likes to comb out all the tangles and
make it soft and smooth.

It's time to brush her teeth now! The toothpaste tastes clean
and mint-y! Can you brush your teeth too? Up and down, round
and round! Make sure you get them all!
